HR Consolidation

Day 1-56

Part 1 (week 1-4) will start when Absolute Neutrophil count (ANC) >750/μL; Platelet count >75000/μL;

Part 2 (5-8) will start when (ANC) >500/μL; Platelet count >50000/μL.

If (a) the post-induction bone marrow is hypocellular with <5% blasts and (b) less than 4 million events are collected for MRD analysis, delay the start of the Consolidation phase by ONE week AND repeat bone marrow studies to establish remission status
